

Visitors Policy

As a private home, we will have visitors, whether social (e.g. Su's parents) or on business (e.g. a plumber).

We have a visitors book in which we record the name of the visitor(s), the date, purpose and arrival and departure times of their visit.

Should the minded children speak to any visitor, we encourage the visitor to speak to them.

Minded children will never be left unattended with any visitor.

Please note that Michael and Victoria are not regarded as visitors; Michael because he lives here and is an Ofsted registered assistant, and Victoria because she is an Ofsted registered assistant.
